

DTS Customer Case Study

Project Management Services

Need:

A leading healthcare insurer based in Michigan needed project management services to manage a major Internet based development project.

Solution:

DTS staff provided project management services for the implementation of Web based Claims Entry application with a budget of \$1.5 million. DTS staff reviewed claims processing, document imaging and claims entry processes. Our staff developed and maintained the Work Breakdown Structure (WBS), activities, tasks, dependencies, and milestones and prepared & executed multi-phase work plans. Our staff led team in issue identification and resolution.

Benefits:

Successfully managed project activities adhering to corporate PMO standards.
